COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Sir:

The Notice of Allowability mailed on May 22, 2006 included the Examiner's statement of reasons for allowance of claims 1-30. Applicant submits the following comments to correct certain misstatements and inaccuracies by the Examiner in that communication.

In the Notice of Allowability, the Examiner states that:

"The following is an examiner's statement of reasons for allowance: Regarding claims 1, 23 and 26 the examiner agrees with the applicant arguments set forth on February 21, 2006 that no where in the prior art is found a light fixture having a body having a sidewall, the sidewall having an interior and exterior surface, a plurality of fin-engaging elements removably engaged with at least one of the fin removably engaged in one of the fins-elements extending outward from the exterior surface."

Applicant stated in his remarks in support of Applicant's Pre-Appeal Brief Request for Review dated February 21, 2006 that each of the allowed independent claims 1, 23, 26 and 27 requires a body having a sidewall with a plurality of fin-engaging elements (slots in claim 26) and at least one fin removably engaged with at least one of the fin-engaging elements. While

Applicant submits that now allowed claims 1-30 each have elements not disclosed or suggested in the prior art, in none of the allowed independent claims is there a limitation requiring a body to have "a plurality of fin-engaging elements removably engaged with at least one of the fin removably engaged in one of the fins-elements extending outward from the exterior surface." In only independent claims 1 and 23 is there a limitation that the at least one fin removably engaged with at least one of the fin-engaging elements extend outward from the exterior surface of the body.

In the Notice of Allowability, the Examiner further states that:

"Claims 2-22, 24-25 and 27-30 are allowed because of its dependency upon claims 1, 23 and 26 respectively."

Allowed claim 27 is an independent claim. Allowed claims 28-30 are dependent upon claim 27. None of the allowed claims depend from allowed independent claim 26.

Applicant believes that the above comments clarify and correct for the record as a whole certain inaccuracies and imprecise statements made by the Examiner in the communication of May 22, 2006.

Respectfully submitted,

Richard W. White
